## Section 2.5 – Changes to Part D Prescription Drug Coverage

---

### Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” A copy of our Drug List is provided electronically.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.**

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules. For instance, we can immediately remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer. We update our online Drug List to provide the most up to date list of drugs.

If you are affected by a change in drug coverage at the beginning of the year or during the year, please review Chapter 9 of your Evidence of Coverage and talk to your doctor to find out your options, such as asking for a temporary supply, applying for an exception and/or working to find a new drug. You can also contact Member Services for more information.

### Changes to Prescription Drug Costs

**Note:** If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs may not apply to you.** We have included a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (also called the “Low Income Subsidy Rider” or the “LIS Rider”), which tells you about your drug costs.

If you receive “Extra Help” and didn’t receive this insert with this packet, please call Member Services and ask for the “LIS Rider.”

There are four “drug payment stages.”

The information below shows the changes to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage.)

### Changes to the Deductible Stage

Stage	2022 (this year)	2023 (next year)
<b>Stage 1: Yearly Deductible Stage</b>	<p>The deductible is \$480.</p> <p>During this stage, you pay \$0 cost-sharing for drugs on Tier 1 and Tier 6 and the full cost of drugs on Tier 2, Tier 3, Tier 4 and Tier 5 until you have reached the yearly deductible.</p>	<p>Because we have no deductible, this payment stage does not apply to you.</p>

### Changes to Your Cost Sharing in the Initial Coverage Stage

For drugs on Tier 2 - Generic, Tier 3 - Preferred Brand, Tier 4 - Non-Preferred Drug, your cost sharing in the initial coverage stage is changing from coinsurance to copayment. Please see the following chart for the changes from 2022 to 2023.

Stage	2022 (this year)	2023 (next year)
<p><b>Stage 2: Initial Coverage Stage</b></p> <p>During this stage, the plan pays its share of the cost of your drugs, and <b>you pay your share of the cost.</b></p> <p>For 2022 you paid 25% coinsurance for drugs on Tier 2. For 2023 you will pay a \$0 copayment for drugs on this tier.</p> <p>For 2022 you paid 25% coinsurance for drugs on Tier 3. For 2023 you will pay a \$47 copayment for drugs on this tier.</p> <p>For 2022 you paid 25% coinsurance for drugs on Tier 4. For 2023 you will pay a \$100 copayment for drugs on this tier.</p> <p>The costs in this row are for a one-month (30-day) supply when you fill your prescription at a network pharmacy that provides standard cost sharing. For information about</p>	<p>Your cost for a one-month supply filled at a network pharmacy with standard cost sharing:</p> <p><b>Tier 1 - Preferred Generic:</b> You pay \$0 per prescription.</p> <p><b>Tier 2 - Generic:</b> You pay 25% of the total cost.</p> <p><b>Tier 3 - Preferred Brand:</b> You pay 25% of the total cost.</p> <p><b>Tier 4 - Non-Preferred Drug:</b> You pay 25% of the total cost.</p> <p><b>Tier 5 - Specialty Drug:</b> You pay 25% of the total cost.</p>	<p>Your cost for a one-month supply filled at a network pharmacy with standard cost sharing:</p> <p><b>Tier 1 - Preferred Generic:</b> You pay \$0 per prescription.</p> <p><b>Tier 2 - Generic:</b> You pay \$0 per prescription.</p> <p><b>Tier 3 - Preferred Brand:</b> You pay \$47 per prescription.</p> <p><b>Tier 4 - Non-Preferred Drug:</b> You pay \$100 per prescription.</p> <p><b>Tier 5 - Specialty Drug:</b> You pay 33% of the total cost.</p>

the costs for a long-term supply; or for mail-order prescriptions, look in Chapter 6, Section 5 of your Evidence of Coverage.	<p><b>Tier 6 - Select Care Drugs:</b></p> <p>You pay \$0 per prescription.</p> <hr/>	<p><b>Tier 6 - Select Care Drugs:</b></p> <p>You pay \$0 per prescription.</p> <hr/>

## SECTION 5 Deadline for Changing Plans

If you want to change to a different plan or to Original Medicare for next year, you can do it from **October 15 until December 7**. The change will take effect on January 1, 2023.

### **Are there other times of the year to make a change?**

In certain situations, changes are also allowed at other times of the year. Examples include people with Medicaid, those who get “Extra Help” paying for their drugs, those who have or are leaving employer coverage, and those who move out of the service area.

If you enrolled in a Medicare Advantage plan for January 1, 2023, and don’t like your plan choice, you can switch to another Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without Medicare prescription drug coverage) between January 1 and March 31, 2023.

If you recently moved into, currently live in, or just moved out of an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage **at any time**. You can change to any other Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.
